HONEYSUCKLE AND SISKIN'S NEST.

Maudie Scrivener.

"BIRDS' NESTS AND FLOWERS"  
"OINETTE"  
Raphael Tuck & Sons'  
ART PUBLISHERS TO THEIR MAJESTIES THE KING & QUEEN.

By Appointment.

The Siskin (*Carduelis spinus*) is a variation of the Finch family, which breeds in Scotland and is a familiar winter visitor to England and Wales. The nest is made of twigs and roots lined with moss, two broods being reared in one season. Honeysuckle (*Lonicera*) is one of the most delightful of the wild plants of England, well known for the beauty of its blossom and delicious scent.

Printed in England.
